IELTS LISTENING

TOURIST INFORMATION CENTRE

Tourist Information Officer: Welcome to everyone here. I hope you enjoy your stay in our village and enjoy the local scenery. I'll tell you a bit about the forest and mountain tracks in a minute, but first I'll just give you an idea of where everything is in the village. So we're here in the tourist information center, and when you come out of the center, you're on Willow Lane just opposite the pond. **Q11 If you want to get to the supermarket, fear supplies of food and water go right. That's the quickest way. And then turn right at the top of Willow Lane. And it's the second building you come to opposite the old railway station.**
