Tutor: Well James. I've had a Luca case study, and for a first draft, it looks promising.

James: I have to be honest. When you told us we had to write about a furniture company, it didn't sound like the kind of thing that would interest me. But since then, I've changed my mind.

Tutor: Hmm, Why's that?

James: Well, **Q21 as you know, furniture, Rossi is an Australian company, still comparatively small compared to some of the High Street stores.
