Now we're standing at the information desk and we're going to look at the views in each direction. Tap to the West there's a gift shop where guests can shop for small trinkets made by local villagers from shells and starfish. If you look carefully up there on the other side of the **Q11 restaurant** there's a state-of-the-art **Q12 spa** facility just next to the Grove of palm trees. Where guests can have treatments including massage or detoxify their body in the steam room.

A major drawback of our previous Hotel complex was that there was no room for an on-site helicopter Port. Which meant that our most important guests were forced to commute from the local airport. As we were unable to construct a suitable facility on the Eastern side we have constructed a large heliport to the north. Guests wishing to stretch their legs after a long flight can simply head south to the **Q13 tennis courts** for a match on our splendidly manicured courts. Now if you look in front of you there's a **Q14 swimming pool** in the center equipped with slides and a diving board which is the main feature of the new complex and is overlooked by all of the other buildings. We have decided to maintain the family-friendly status of our original Hotel however from guests we have come to realize that parents also enjoy time to relax without having to look after their children, therefore we have constructed a the fun **Q15 play center** where parents can leave their children with a trained childminder and take some time for themselves. This facility is located just to the north of the swimming pool and is covered with a small canopy to protect the children from the Sun. Many of our working guests will require access to a quiet space for work if you direct them just sat at the swimming pool they will discover our **Q16 conference center** which comes complete with meeting rooms, offices, and Wi-Fi access. In order to access the Wi-Fi network they should simply report to the information desk where an assistant will provide them with a personal password. This desk is situated Just Between the conference center and the beach.

Finally, the complex also contains a large **Q17 Sports Center** where guests can enjoy our gym facilities and take part in sessions for yoga and Pilots. Overlooking the swimming pool from the southeast the center offers stunning views of the entire complex and across the ocean.
