MAN: Oh right! That's easy. Don't worry. In the upstairs cupboard, you'll find the water heater. You'll see three main controls on the left at the **q11 bottom of the heater**. The first one – the round one on the far left – is the most important one for the heating and hot water. It's the main control switch. Make sure it's in the 'on' position. The switch is 'off'. That's probably what's happened – it's got switched off by mistake.

MAN: The middle one of these three controls – you'll see it's slightly larger than the first one – controls the radiators. If you feel cold while you're there and need the radiators on, this needs to be turned to maximum. The last of the three controls – the one on the right – is usually on about a number four setting which for the water in the taps is usually quite hot enough.

Below the heating controls in the middle is a small round plastic button. If there isn't enough water in the pipes, sometimes the heater goes out. If this happens you'll need to press this button to **q12 reset** the heater. Hold it in for about five seconds and the heater should come on again. Then there's a little square **q13 indicator** under the third knob that's kind of alarm light. It'll flash if you need to reset the heater.

WOMAN: It sounds complicated...

MAN: I'm sure you won't have any problems with it. There should be some more instructions on the side of the heater. Call me back if you can't make it work.

WOMAN: Okay.

WOMAN: While you're on the phone, we haven't managed to find a few things we need, like extra pillows for the beds and some washing powder. Is there any here?

Type **ONE WORD AND/OR A NUMBER** for each answer

The best place to park in town - next to the station
Phone number for takeaway pizzas - 19 Type correct answers here
Railway museum closed on 20 Type correct answers here

MAN: Pillows... yes. If you look in the **q14 cupboard**, the large white one upstairs – to the left of the bathroom door – there should be four or five on the top shelf. And if you want to do some washing, there's some powder for that... probably by the **q15 back door**. There's a kind of shelf there above the sink. In fact, I'm sure there's some there, in a large blue box. You need about half a cup full for each wash.

MAN: And that reminds me, the spare key to the back door is hanging on a hook on the wall by the **q16 sitting room window**. Please make sure to put it back when you've used it. The previous guests lost it in the garden and I had to find some spare bulbs in a large cardboard box. It's on top of the **q17 washing machine** with all kinds of useful things in it. Oh, and another thing I forgot to mention when we last spoke...

WOMAN: Yes?

MAN: I've left you a local map, so you'll be able to find your way around easily. It shows the whole area. I put it in the top **q18 drawer of the chest** under the TV in your bedroom. There's a whole file of local information in there too.

WOMAN: Thanks. What about visiting the town? Can you give us any advice?

MAN: Yes. You'll need to take the car. It's too far to walk from the flat really. You have to pay to leave your car in all the car parks now I'm afraid... I like the one that's by the station best and you can walk to the town centre from there in five minutes. That's where all the best restaurants are. But if you want a takeaway, the Italian one does really good pasta and pizzas. Call **q19 7-3 double 2-8-1** for that one, or 7 double 6, double 1,9 for the Chinese. They're both good and they'll both deliver to the flat.

MAN: As for places to visit, yes, do go and see the railway museum. The exhibition is small but really good. It gets very crowded on Sundays, so I suggest you visit it on a quieter day, later in the week, but not on **q20 Thursdays** which is market day – you won't find anywhere to park and it's also the only day of the week when they're not open! Anything else?

WOMAN: Not for the moment.Thanks!
