Closure of leisure facilities

I am writing to inform you about planned maintenance work.

Both the Kids Pool and the Toddlers Pool will be closed from Monday 2nd February, for approximately one week. The 25-metre Pool will remain open during this period, as will the Gymnasium and Squash Courts. However, due to being in the area which has to be cordoned off for safety reasons, q9 the Steam Room will be inaccessible too. The maintenance work is as follows:

- Clean 2 filters and replace 7 tonnes of filter sand;
- q10 Completely empty the Kids Pool and the Toddlers Pool and refill with fresh water;
- Replace broken tiles where necessary.

q11 The cost of maintenance work might affect membership fees. NOT GIVEN.

Our objective is to re-open these facilities on Monday 9th February at 7.00am. However, members are advised to telephone or check our website to confirm that the work has been completed on schedule.

This work will cost the club in the region of £7,000 and will significantly q12 improve the water quality.We will also take the opportunity to make some improvements to both male and female changing rooms. However, as this does not involve structural work, and can be done in stages, it will not be necessary to close these.

q13 Any scheduled swimming lessons which have to be cancelled during the closure period can be either reimbursed or re-arranged. Please inform staff at Reception of your preference, and they will make the necessary arrangements.

We plan to carry out the same maintenance process with the 25-metre pool in June. q14 Further details about arrangements for this will appear in our Members' Newsletter in May.

This work is essential, and we will endeavour to keep the disruption to a minimum. Meanwhile please accept our apologies for any inconvenience.
