Your first point of contact at the border consists of Primary Inspection. The best way to clear customs at Primary Inspection is to make sure Customs gets information about your **Q1 shipment** before you set off, using the Pre-Arrival Processing System (PAPS). When using this you need to provide information about your shipment, and you also need to send proof of a current annual inspection for your vehicle, tractor and trailer.

Before you arrive at the border, make sure you have all your paperwork up to date and ready to present at Primary Inspection. You'll need a **Q2 photo ID** in addition to your birth certificate or passport. Drivers must also turn on interior cab **Q3 lights** and open all interior drapes or blinds to **Q4 sleeper areas** for easy inspection.

If all of your paperwork is in order and was processed ahead of time, you will be released at the primary lane and this may be your only stop. If you are not a Canadian or US citizen, a visa is obligatory and you will also be required to complete an I-94 card. 1-94 cards are available only at border crossings into the United States. Drivers who clear customs at Primary Inspection will be instructed to report to **Q5 Immigration** to fill out the I-94 card and receive verbal clearance from a US official to proceed into the United States. The **Q6 charge** for the I-94 card is \$6.

If your paperwork is not in order, you will be directed to Secondary Inspection. When you get there, look for the signs for Truck Inspection and follow these.
