IELTS READING TEST SET 7 TASK 2 GT – Learn to Skydive

IELTS READING Learn to Skydive Reading Practice Test has 10 Questions belongs to the Travel & Leisure subject..

Accelerated Free fall (AFF) is an intensive skydiving course and you can experience free fall on your very first jump. We offer the AFF Level 1 course as a unique introduction to the world of parachuting and skydiving. It's great as a one-off free fall experience.

Questions 8-14

Do the following statements agree with the information given in the text on the above passage?

TRUE	if the statement agrees with the information
FALSE	if the statement contradicts the information
NOT GIVEN	if there is no information on this

8. After doing the AFF Level 1 course, people can skydive in different countries.

9. The AFF Level 1 course takes more than one day to complete.

10. Students must do their first jump within a certain period.

11. Training continues after the student jumps out of the plane.

12. During a first jump, an instructor will open the student's parachute.

13. Instructors usually film the first jumps that the students make.

14. Students will be divided into age groups when taking the course.

However, the full eight-level Accelerated Free fall course is the best way to learn to skydive and attain your licence as a qualified parachutist, which allows you to jump at skydiving centres across the world.

The AFF Level 1 course begins with an intensive day of ground training. During the day, you will learn how your parachute equipment works and how to check and fit it, how to exit the aircraft, how to maintain the correct body position in the air, monitor your altitude and deploy your parachute and how to deal with emergencies. The day will finish with a written test. The training can be both mentally and physically tiring so you should stay overnight if you wish to do your first jump the next day. For safety reasons, we require you to return and jump in less than a month after your training in order to complete the Level 1 course.

When you come to do your jump you will receive refresher training before you board the aircraft. You will exit the aircraft with two AFF Level 1 instructors. They will provide in-air coaching as they fall alongside you, holding onto your harness. You will experience about one minute of free fall and deploy your own parachute, then fly and navigate for around five minutes before landing on the dropzone. Following this, you will meet your instructors to debrief the jump and collect your certificate. Shortly after you arrive home, you will receive an email link to the instructors' footage of your skydive to post online.

There are some restrictions for solo skydiving. The maximum acceptable weight is 95 kg fully clothed and a reasonable level of fitness is required. As far as age is concerned, the minimum is 16 and a parental signature of consent is required for students of 16-17 on three forms. Adults over 45 wishing to skydive must bring a completed Declaration of Fitness form signed and stamped by their doctor. Acceptance rests with the head instructor.
